Dear Mr Ray:

This is in response to your letter dated May 9, 2003, requesting alteration of the maximum allowable emission rates table (MAERT) of the above-referenced permit. We understand that due to changes in AP - 42 emission factors and at the request of the TCEQ Emissions Inventory Team you proposing a change in emissions due solely to a change in emission factors in AP - 42, Section 1.6, Wood Residue Combustion in Boilers, March, 2002 from those in February, 1999 which were used for your existing permit.

Pursuant to the authority conferred under Texas Clean Air Act § 382.0511(b), as codified in the Texas Health and Safety Code, and Title 30 Texas Administrative Code § 116.116(c) [30 TAC § 116.116(c)], and based on our review, Permit Number 18356 is altered. Enclosed is the MAERT to replace that currently attached to your permit. Please attach to your permit.

Your cooperation in this matter is appreciated. If you need further information or have any questions, please contact Mr. Earl Jones at (512) 239-1351 or write to the Texas Commission on Environmental Quality, Office of Permitting, Remediation, and Registration, Air Permits Division (MC-162), P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

Mr. Leon E Ray
