

EMISSION SOURCES - MAXIMUM ALLOWABLE EMISSION RATES

Permit No. 29198

This table lists the maximum allowable emission rates. The total emissions of air contaminants from any of the sources emitted through the stacks listed below shall not exceed the values listed in this table. For the purposes of the allowable emission rates, the "sources" shall be those sources represented in the revised permit application dated January 26, 1996, not including sources authorized by standard exemption. The emission rates shown are those derived from information submitted as part of the application for permit and are the maximum rates allowed for these sources.
