Was at least one public hearing request received?	n/a
Is a state or local official opposed to the permit?	No
Is waste or tire derived fuel involved?	No
Are waste management facilities involved?	No

PROJECT OVERVIEW

The company had an alteration request granted on April 2, 1999. The MAERT was incorrectly updated. This current alteration is to correct the typographical error on the MAERT issued on April 2, 1999. The annual styrene emission rates for both Emission Point Nos. 3 and 4 should be corrected from 3.15 TPY to 2.10 TPY. This change was reviewed and approved in April 1999.

Total allowable annual emissions are the following:

Styrene	9.48 tpy
Acetone	1.76 tpy
PM ₁₀	0.65 tpy
