### Permit No. 3962

This table lists the maximum allowable emission rates and all sources of air contaminants on the applicant's property covered by this permit. The emission rates shown are those derived from information submitted as part of the application for permit and are the maximum rates allowed for these facilities. Any proposed increase in emission rates may require an application for a modification of the facilities covered by this permit.

### AIR CONTAMINANTS DATA

T-GZ-2	Fugitives (4)	VOC	0.45	1.92

- (1) Emission point identification either specific equipment designation or emission point number from plot plan.
- (2) Specific point source name. For fugitive sources use area name or fugitive source name.
- (3) VOC volatile organic compounds as defined in General Rule 101.1

 $NO_x$  - total oxides of nitrogen

 $SO_2$  - sulfur dioxide

HCl - hydrogen Chloride

 $PM_{10}$  - particulate matter less than 10 microns
