### EMISSION SOURCES - MAXIMUM ALLOWABLE EMISSION RATES

## Permit Number 22197

This table lists the maximum allowable emission rates and all sources of air contaminants on the applicant's property covered by this permit. The emission rates shown are those derived from information submitted as part of the application for permit and are the maximum rates allowed for these facilities. Any proposed increase in emission rates may require an application for a modification of the facilities covered by this permit.

#### AIR CONTAMINANTS DATA

|                 |                                    |                      |                      |                |
| FV72004800      | TDA Railcar Loading                | TDA                  | 0.021                | 0.092          |
| AREA-050        | Fugitives (4)                      | Alcohol<br>TDA       | 0.410<br>0.485       | 1.796<br>2.124 |
|                 |                                    | DNT                  | 0.483                | 0.569          |
| (1) Emission po | oint identification - either speci | fic equipment design | ation or emission po | oint number    |

- (1) Emission point identification either specific equipment designation or emission point number from plot plan.
- (2) Specific point source name. For fugitive sources use area name or fugitive source name.
- (3) Alcohol methanol or isopropanol

NH₃ - ammonia

 $\begin{array}{cccc} \text{CO} & \text{-} & \text{carbon monoxide} \\ \text{NO}_x & \text{-} & \text{oxides of nitrogen} \\ \text{TDA} & \text{-} & \text{toluene diamine} \end{array}$ 

DNT - dinitrotoluene

- (4) Fugitive emissions are an estimate only and should not be considered as a maximum allowable emission rate.
  - \* Emission rates are based on and the facilities are limited by the following maximum operating schedule:

| Hrs/day_ | Days/week | Weeks/year_ | or | 8,760 | _Hrs/yeai |
|----------|-----------|-------------|----|-------|-----------|
|----------|-----------|-------------|----|-------|-----------|

| Dated | <u>June 6,</u> | 2002 |
|-------|----------------|------|
|       |                |      |

<sup>\*\*</sup> Compliance with annual emission limits is based on a rolling 12-month period.
