EMISSION SOURCES - MAXIMUM ALLOWABLE EMISSION RATES

Permit No. 7588

This table lists the maximum allowable emission rates and all sources of
air contaminants on the applicant's property covered by this permit. The
emission rates shown are those derived from information submitted as part
of the application for permit and are the maximum rates allowed for these
facilities.   Any proposed increase in emission rates may require an
application for a modification of the facilities covered by this permit.
